Please download, then double-click the executable file, to begin the installation process.

## ArcGIS Pro

×

⚠️ ArcGIS Pro requires Microsoft .NET Desktop Runtime (x64) 8.0.x. To download and install Microsoft Windows Desktop Runtime − 8.0.x (x64), visit the Microsoft website or contact your system administrator.

OK

If you experience this error, please click 'ok' and download the Microsoft .NET Runtime file available on the CGISR website 'Software' page (www.cpp.edu/gis). Otherwise, go to the next step.

# ArcGIS Pro Setup

## Welcome to the ArcGIS Pro Setup program

It is strongly recommended that you exit all Windows programs before running this setup program.

Click Cancel to quit setup and close any programs you have running. Click Next to continue the installation.

WARNING: This program is protected by copyright law and international treaties.

Unauthorized reproduction or distribution of this program, or any portion of it, may result in severe civil and criminal penalties, and will be prosecuted to the maximum extent possible under law.
