BRONCO
COMMUNITY

Cal Poly Pomona is the **No. 1 polytechnic university in the nation for diversity and economic mobility**. Our caring and inclusive campus community is committed to helping anyone who dreams of success achieve it. At CPP, you can explore different career paths, apply your knowledge to real-world situations, and gain the experience you need to succeed and stand out in your field from day one.

About Cal Poly Pomona

Founded in 1938, Cal Poly Pomona is a top-ranked public university where our unique agricultural heritage meets economic growth and urban vitality. Our rich history – beginning with land gifted from cereal magnate W.K. Kellogg – is unlike that of any other institution. Nowhere else can you ride an Arabian horse, design and construct an award-winning Rose Parade float and launch a rocket into space.

"You don't know how to teach range of motion until you actually do it, which is why I'm so glad the Motor Development Clinic is providing me with the hands-on learning I need."

Richard Morales, Kinesiology

At Cal Poly Pomona, you learn inside and outside of the classroom. Through **hands-on classes and projects** and opportunities for **internships and study abroad**, you will tap into your talents and passions to solve real-world problems and forge your own unique path to success. Cal Poly Pomona is a place where careers begin, mentorship thrives and future leaders learn to lead.

Put Learning to Work

What can a CPP degree do for you?

It's not just the education, it's what you can do with it.

A CPP degree works to both improve your financial future and your ability to give back to your community. Thanks to the CPP Polytechnic Experience, you will learn by doing and be prepared for what's after college. Employers love that Broncos are career ready and can make an impact on day one!

To meet 15 recent grads making an impact today, check out "Broncos on the Rise" via the QR code.

Jump-start your career with a micro-internship!

Too busy for an internship? Try a micro-internship! This paid professional experience, which ranges from 5 to 40 hours total, allows you to put learning to work in practical, tangible ways, discovering opportunities and building the skills you need to be career ready. Learn more via the QR code or at www.cpp.edu/ii/micro-internships/for-students.shtml.

"Doing a micro-internship enriched my practical experience. I translated digital designs into real-world installations and improved my abilities to work on a team."
